- **Case Composition:** The graph shows other types of CARES issued assistance that a FS AG receives.

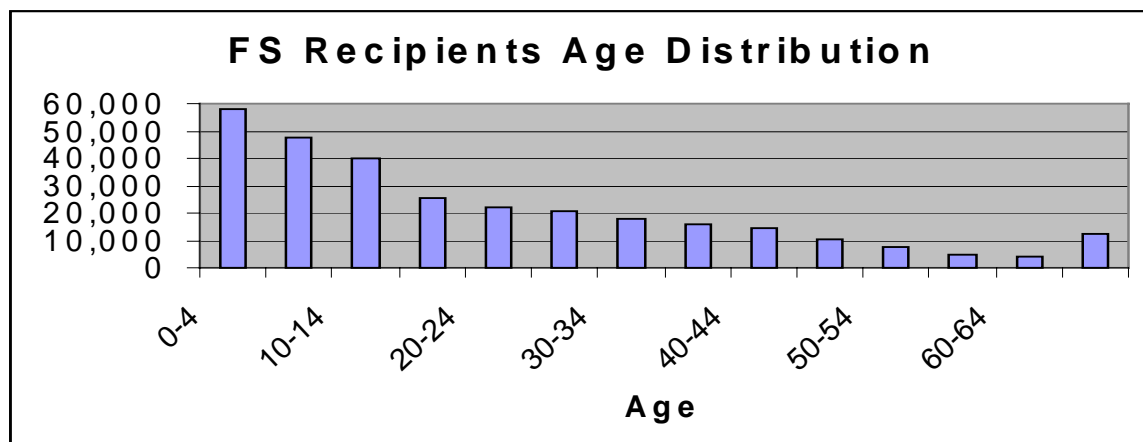

- **Historical Caseload Trend:** The statewide caseload had been increasing at a steady rate since September of 1999.

- **First Time FS Recipients:** This chart shows the number of first-time FS assistance groups over the last 2 years. Only AGs that have never received FS in Wisconsin before the month shown appear in this chart. For May 2003, 2,961 FS AGs received FS for the first time.

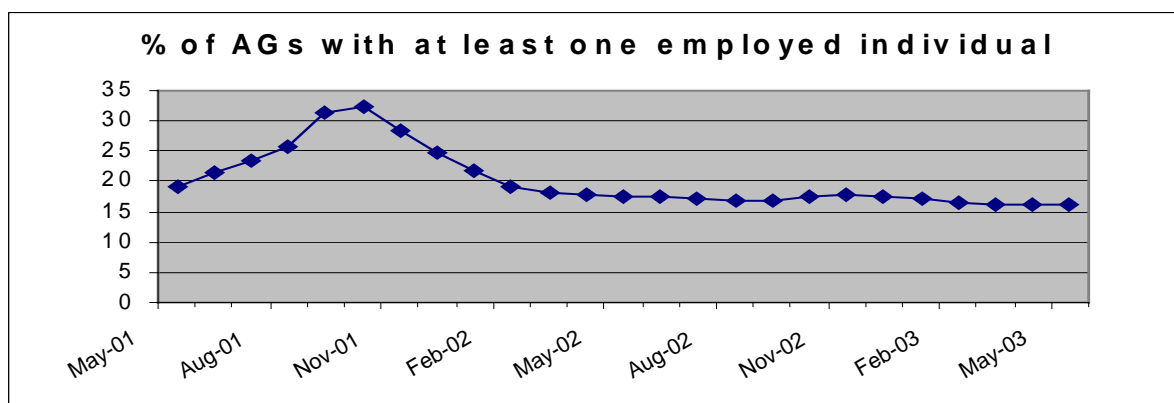

- **Age Distribution:** The chart below shows the number of FS recipients by age, in ranges of 5 years. The largest age group is comprised of children under age 4.

- **Elderly/Disabled:** 16.6% of FS recipients are either elderly, blind, or disabled. 40.7% of AGs contain at least one individual that is either elderly, blind, or disabled.

- **Work/Earnings:** 16.3% of the AGs have at least one person working. This is a increase of .1% from last month. The average monthly earned income of those AGs' is \$967, very slight increase from last month.⁴ 32.4% of adult FS recipients are employed, slightly fewer than last month. Currently, the unemployment rate in Wisconsin is 5.4%, .the same as last month.⁵

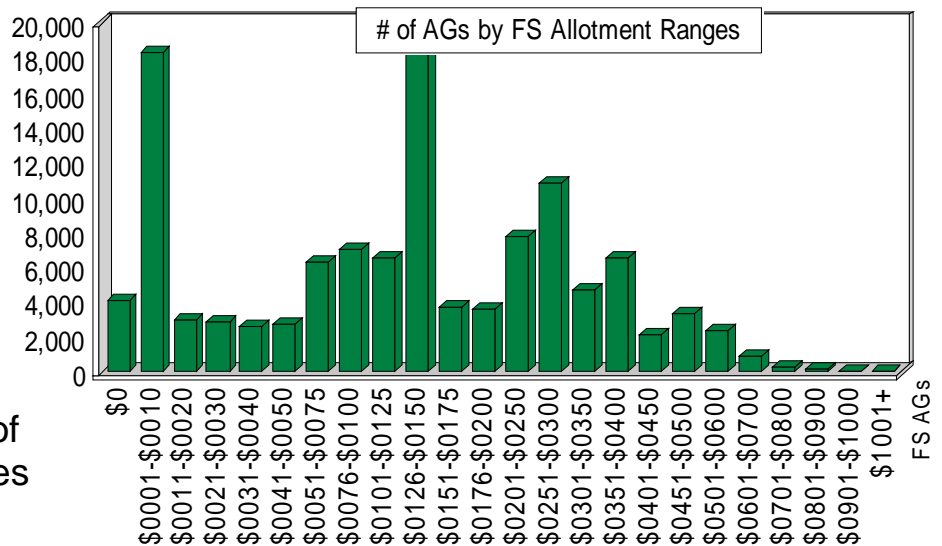

- **Working Families:** A "working family" is defined as a FS AG that contains at least one minor, at least one parent of a minor, and at least one employed recipient. This is an attempt to explore those FS recipients that have children and are working. Working families make up 27.8% of the statewide FS AGs, average a little less than 4 persons per AG, and average \$1,128 in earned income per month. Other stats are available below.
